# Acquisition Opportunity - Mining Industry

## Manufacturing & Supply Company Mining and Drill Exploration Products & Services Sudbury, Ontario

(File: NOMFG-1002)

Dallys Industrial Services Ltd. is a manufacturing and supply company that specializes in the manufacturing of grout plugs and related products.

Dallys supplies some of the largest mining companies in the world including VALE, Xstrata Nickel and DeBeers. Their products have been shipped all over North America, Mexico and Africa.

The company prides itself on innovative, high quality products delivered with the highest levels of service and dedication.

Dallys is also partnered with several much larger companies who work with them to solve their customer's most difficult challenges.

The assets of the Business are being offered for sale at the asking price of \$475,000.

**JPMONGRAIN REALTY INC.**, a business intermediary focused on mid-market mergers & acquisitions of privately-held companies is registered under the Real Estate & Business Brokers Act of the Province of Ontario and is the authorized exclusive agent of the owner of the businesses being offered for sale.
